Launch Checklist

A 30-day timeline and readiness checklist for your launch. Work through it with your mentor at least a week before launch day.

1. Offer and goals

Exactly what you are launching, at what price, and for whom.

Thirty-day goals for reach, conversion and retention.

The two questions your launch will answer.

2. Channels

Channel one: five concrete actions, each with an owner and a date.

Channel two: five concrete actions, each with an owner and a date.

How you will track which channel each customer came from.

3. Timeline

Week one: preparation and soft launch.

Weeks two and three: main launch.

Week four: review, adjust and plan the next 30 days.

4. Readiness

Stock, materials or capacity for expected demand, plus a limit if demand runs higher.

Written procedures for your core processes.

Payments tested end to end, and a clear refund or returns promise.

A way for customers to reach you with questions or problems.

5. Review rhythm

When you will check results each week, and with whom.

What you will change if a channel underperforms.
